Subject: Get the Poison out of our River

Dear Portland Harbor Cleanup Public Comments,

Dear Ms. McCarthy and Members of Congress,

I am writing to express my disappointment and concern regarding the proposed cleanup of Portland Harbor. The plan to allow the river to erode and carry downstream most of the toxins in the Superfund site is essentially a "do nothing" strategy. Such a strategy is really no strategy at all, and hence unacceptable.

The EPA must put forth a new plan with much more aggressive, rigorous actions to remove as many of the toxins as possible from the Superfund site.

Sincerely,
